ARTS BRIEFS

Embracing Our Differences receives TDA grant

The Sarasota County Commission awarded Embracing Our Differences a \$50,729 Tourist Development Cultural/Arts grant to help fund its 2020 exhibition season, which runs Jan. 18 through April 5 in Sarasota's Bayfront Park.

For 16 years, Embracing Our Differences has drawn on the passion and perception of artists, writers, students and others to create powerful statements of diversity and acceptance in its annual outdoor public art exhibition consisting of 50 billboard-size works of art and accompanying quotes. The scale and impact of this outdoor exhibition has continued to grow, attracting more than 2.9 million visitors since its inception in 2004. This exhibit is the heart of a year-round program of initiatives designed to use art and words as a catalyst to create awareness and promote diversity.

"This grant empowers us to reach and engage new audiences outside of our region," said Sarah Wertheimer, executive director of Embracing Our Differences. According to Ms. Wertheimer, the 2019 exhibit attracted 218,000 visitors, of which 14 percent came from counties in Florida outside of Sarasota County; 48 percent were visitors from out of state; and six percent were international tourists.

"As an open-air, free exhibit placed in an easy-to-access location, Embracing Our Differences is a natural draw for visitors," said Ms. Wertheimer. "It has become a top cultural destination for people from around the state and the country. Embracing Our Differences is a critical component of what defines our region as a sophisticated arts destination."

Ms. Wertheimer said the response to the call for artwork and inspirational quotes for the 2019 exhibit resulted in 11,791 entries pouring in from 111 countries and 44 states. Students from 239 schools around the world submitted artwork or quotes to the juried exhibit and more than 70 percent of this year's submissions were from students.

A call for art and quote submissions for the 2020 exhibit is ongoing through Oct. 8.
