Embracing Our Differences: Call for Quotations

The 16th Annual Embracing Our Differences exhibit will be returning to Bayfront Park in downtown Sarasota from January 19 through March 15, 2019. The 2018 exhibit hosted 202,000 visitors, bringing attendance since 2004 to more than 2,700,000.

A critical part of the international art exhibit is the impact of personal thoughts that accompany each piece of artwork. These quotations provide members of the community a chance to voice their thoughts, feelings and ideas reflecting the theme of “enriching lives through diversity.” The combination of visual art and the written word adds a deeper dimension to the overall experience.
