Gulf Coast Community Foundation

Awards Major Grant to Embracing Our Differences

The \$40,000 Arts Appreciation grant will help fund the organization's 2019 exhibition, which runs January 19-March 15 in Bayfront Park in downtown Sarasota. It will also empower Embracing Our Differences' celebrated educational outreach initiatives.

(Sarasota, FL) Gulf Coast Community Foundation recently awarded Embracing Our Differences a \$40,000 Arts Appreciation grant, which offers unrestricted funding to area arts organizations in support of their artistic mission. According to Sarah Wertheimer, Embracing Our Differences' executive director, the grant will help fund the organization's 2019 outdoor exhibition celebrating diversity, which runs January 19 to March 15 in Bayfront Park in downtown Sarasota. The grant will also be directed to empower EOD's annual educational outreach programs and initiatives.

"We're very grateful to Gulf Coast Community Foundation for its monumental support of Embracing Our Differences' mission to promote and celebrate diversity through the power of art and education," says Wertheimer. "Gulf Coast's contributions have played a pivotal role in our growth over the past 15 years. With their support, we will continue to honor the amazing spectrum of human potential—and celebrate the differences that make each individual precious and irreplaceable."

Wertheimer says that the grant will also provide vital resources for Embracing Our Differences' annual outreach initiatives, including its Make-A-Day-of-It! program, which provides free bus transportation for thousands of students and teachers to visit the outdoor exhibit and other arts and cultural venues. She adds that a portion of the grant will also be directed to Embracing Our Differences' annual teacher workshops and retreats, which provide area educators with skills, strategies and resources relating to arts appreciation, character building and diversity education.

“This grant opens up a world of possibilities for thousands of area students and educators to play a leadership role in transforming lives and building stronger communities,” says Wertheimer. “Last year, 932 teachers and 39,211 students participated in our initiatives. We’re teaching concrete strategies to inspire students to reject destructive attitudes and embrace the full potential of inclusion and diversity. For both educators and students, this new awareness can be life-changing.”

Since 2004, EOD’s outdoor art exhibit, celebrating the theme of “enriching lives through diversity,” showcases the art and words of thousands of artists and writers from around the world, including hundreds of area-based students and educators. Embracing Our Differences’ annual outdoor exhibits are the heart of a year-round program of activities designed to use art as a catalyst to create awareness and promote diversity.
